Inner Mongolia Agricultural University (IMAU) was established in 1952. Over the past 50 years, IMAU has initiated a multi-level management system. Its primary objective is focused on undergraduate studies. Nevertheless, IMAU has been paying profound attention to postgraduate, higher vocational and adult educational programs. IMAU is a multi-discipline university with 8 fields of study. They are Agronomy, Science, Engineering, Economics, Management, Social Sciences and Education. IMAU has succeeded in cultivating more than 70,000 skilled talents in diverse fields of study. IMAU has established broad academic ties with some 20 universities in USA, Canada, UK, France, Australia, Japan, Russia and the Republic of Mongolia among other nations. IMAU has collaborative programs with foreign educational institutions. Up to now, outstanding achievements have been made in teaching, scientific research, cultural exchange and joint programs.
Bachelor's Degree (4 Years)
1. Animal Science
2. Veterinary Medicine
3. Agronomy
4. Horticulture
5. Plant Protection
6. Agricultural Mechanization and Automation
7. Agricultural Water Conservancy Engineering
8. Civil Engineering
9. Wood Science and Engineering
10. Forestry
11. Food Science and Engineering
12. International Law
13. Administrative Management
14. Social Work
15. Agricultural and Forestry Economics and Management

Master's Degree (3 Years)
1. Animal Genetics and Breeding
2. Animal Nutrition, Animal Production
3. Preventive Veterinary Medicine,
4. Clinical Veterinary Medicine
5. Botany
6. Pomology
7. Ecology
8. Grassland Science
9. Agricultural Mechanization and Engineering
10. Agricultural Water and Soil Engineering
11. Industrial Economics
12. Food Science

Doctoral Degree (3 Years)
1. Animal Genetics and Breeding
2. Animal Nutrition, Animal Production
3. Preventive Veterinary Medicine,
4. Clinical Veterinary Medicine
5. Grassland Science
6. Wildlife Protection and Utilization
7. Soil and Water Conservation, Desertification Prevention and Control
8. Processing and Storage Engineering of Agricultural Products
9. Agricultural and Forestry Economics and Management
10. Soil Science

Estimated Costs of Self-financed International Students Studying in China (RMB):

- Registration: 400 per person
- Tuition fee: Undergraduate 9600 per year (Art)
  11200 per year (Science)
- Postgraduate 11200 per year (Art) 12000 per year (Science)
- PH.D 14400 per year (Art) 16000 per year (Science)
- Language student 8000 per year
- Student engaging in special advanced course
  12000 per year (Art) 13600 per year (Science)
- Short-term student 600 per week (Art) 800 per week (Science)
- Short-term language student 400 per week
- Teaching materials: charge according to the actual number of the required textbooks
- Accommodation: Single 12000 per year
  Shared with another student 6000 per year
  Shared with another two students 4000 per year
  Shared with another three students 3000 per year
